

## Access Ladder Guardrail

Enable your crews to work safer while performing their tasks! Upgrade your cooling tower to include fan deck access ladder guardrails and enhance the safety of your work environment.

Permanent fan deck access ladder guardrails are designed to OSHA standards and include:

- Corrosion-resistant fiberglass guardrails
- Handrail, knee rail and toe board per OSHA specifications
- Corrosion-resistant safety swing gate

Benefits:

- Promotes a safer work environment by minimizing potential risk of a safety incident
- Enables crews to perform tasks without installing temporary safety barriers; saves precious maintenance dollars
- Easier access encourages regular inspection and maintenance, extending equipment life

To locate your Marley representative, call 1-800-4Marley or visit [spxcooling.com/relocator](http://spxcooling.com/relocator).
